10. Rhymes and Shlok Contest: - 27th November'25 (Thursday)

For the upcoming Rhymes Contest, children will be judged with greater weightage on actions and expressions along with clear recitation. As children enjoy doing actions in class, they know it all. With your guidance at home, they can learn to channel actions meaningfully into their performance.

To help your child prepare:

1. Encourage daily short practice for fluency.
2. Add simple and relevant actions (folded hands for “Namaste,” flying hands for birds, etc.).
3. Use small props (flower, toy, or cut-out). This helps them to remember which rhymes they have
4. prepared instead of getting influenced with their peers.
5. Practise expressions — smiles, eye contact, and confidence.
6. Give chances for independent practice in front of the mirror to build stage confidence.

With these small efforts, children will not only remember their rhymes better but also perform with joy, discipline and confidence on stage.
